- The Company is implementing protective measures for its employees and is enhancing its resilience through:
- adapting workplaces and protecting workers: ensured two-meter distance between desks; placed barrier between workers and waypoints; disposed meeting rooms to the benefit of spare offices; supplied of hand sanitizer for each desk;
 - improving Business Continuity Management: ensured ability of staff and operations to continue functioning remotely; upgrade of IT Hardware and remote connectivity;
 - upgrading of Cyber Security & IT: raised staff awareness of cyber threats; upgraded authentication features; reinforced remote administration of devices and accesses.

Note 2 - Summary of significant accounting policies

Basis of preparation

The annual accounts have been prepared in accordance with accounting principles and regulations generally accepted in the Grand Duchy of Luxembourg (“Luxembourg GAAP”) under the historical cost convention.

As allowed by the amended law of December 19, 2002, the Board of Directors of the Company has decided to include the cash flow statement based on the indirect method.

Euro (“EUR”) is the book accounting currency.

Use of estimates

The preparation of financial statements in accordance with Luxembourg GAAP, requires Board of Directors to make estimates and assumptions that affect the reported amount of assets and liabilities, disclosure of contingent assets and liabilities at the date of the annual accounts, and reported amounts of revenues and expenses during that reporting period. Actual results could differ from those estimates.

Foreign currency translation

The Company follows the multi-currency accounting policy that consists in recording the assets and the liabilities in their original currencies, the same being converted into EUR at the balance sheet date.

The exchange differences arising from the transactions expressed in currencies other than EUR are hedged either by balanced deposits and loans or through derivative instruments, such as Cross Currency Interest Rate Swaps (“CCIRS”) or foreign exchange agreements, all hereby referred to as “currency swaps”.

Currency swaps combine two positions that are represented by the amounts that will be exchanged with the counterparty at the maturity of the contract. They are recorded as assets or liabilities to the net between the payable and the receivable amount. Generally, one is in EUR and the other in currencies other than EUR. This latter is converted into EUR at the balance sheet date.

The unrealized exchange differences that arise from all these conversions are reflected in the profit and loss account in the items “Interest payable and similar expenses/Other interest receivable and similar income”.

The realized income and charges in currencies other than EUR are recorded in their respective currencies and converted at the exchange rate prevailing on the respective transaction dates.

The exchange rate used to convert as of December 31, 2021 the operations in USD into EUR is the following:

1 EUR = 1,13260 USD.

Formation expenses

Formation expenses may include incorporation expenses and bond issuance expenses. Incorporation expenses are valued at purchase price including the expenses incidental thereto less cumulated depreciation amounts written off over maximum 5 years. Bond issuance expenses are written off on a straight-line basis over the period of the note.

Financial assets

Loans to affiliated undertakings are valued at nominal value including the expense incidental thereto. The contingent write-downs are recorded in case of a permanent impairment loss of the investments estimated by the Board of Directors while comparing the net book value with the market value or with the net equity of the company. These value adjustments are not continued if the reasons for which the value adjustments were made have ceased to apply.

Debtors

Debtors are valued at their nominal value. They are subject to value adjustments where their recovery is compromised. These value adjustments are not continued if the reasons for which the value adjustments were made have ceased to apply.

Cash at bank and in hand

Cash at bank and in hand is defined as cash in hand, demand deposits and short-term, highly liquid investments readily convertible to known amounts of cash and subject to insignificant risk of changes in value. Cash at bank and in hand and short-term deposits which are held to maturity are carried at cost.

Accrued interest

Accrued interests are shown with their principal amount.

Prepayments/Deferred income

“Prepayments” and “Deferred income” accounts include prepaid charges and deferred income. Issue discounts are listed with the related notes, while other similar charges are classified in “Formation expenses”. All are amortized through the profit and loss account on a straight-line basis over the lifetime of the notes.

Derivative instruments

The commitments related to currency and interest rates swaps are recorded as off-balance sheet items at the nominal value of the contracts.

No valuations of unrealized gains or losses are recorded during the life of the contracts since there is a perfect matching of the realized gains or losses of derivatives and the realized losses or gains on the hedged items at maturity. For the exchange rate variance refer to the accounting policy “Foreign currency translation” above.

The Company enters into derivatives only for the purpose of hedging.

Creditors

Creditors are recorded at their reimbursement value. Where the amount repayable on account is greater than the amount received, the difference is shown in the same line of the debt and is written off over the period of the debt based on a linear method.

Provisions

Provisions are recognized when the Company has a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Note 3 - Formation expenses

Formation expenses are composed by bond issuance expenses. Movements for the period on this item are as follows:

EUR	Total formation expenses
Balance as at 31.12.2020	13.400.168,03
Movements of the period

Independent auditor's report

To the Shareholders of
Telecom Italia Capital S.A.
12, rue Eugène Ruppert
L-2453 Luxembourg

Opinion

We have audited the financial statements of Telecom Italia Capital S.A. (the "Company"), which comprise the balance sheet as at 31 December 2021, and the profit and loss account for the year then ended, and the notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Company as at 31 December 2021, and of the results of its operations for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements.

Basis for opinion

We conducted our audit in accordance with the Law of 23 July 2016 on the audit profession (the "Law of 23 July 2016") and with International Standards on Auditing ("ISAs") as adopted for Luxembourg by the "Commission de Surveillance du Secteur Financier" ("CSSF"). Our responsibilities under the Law of 23 July 2016 and ISAs as adopted for Luxembourg by the CSSF are further described in the "responsibilities of the "réviseur d'entreprises agréé" for the audit of the financial statements" section of our report. We are also independent of the Company in accordance with the International Code of Ethics for Professional Accountants, including International Independence Standards, issued by the International Ethics Standards Board for Accountants ("IESBA Code") as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the financial statements, and have fulfilled our other ethical responsibilities under those ethical requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of the audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Other information

The Board of Directors is responsible for the other information. The other information comprises the information included in the management report and the corporate governance statement but does not include the financial statements and our report of “réviseur d’entreprises agréé” thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report this fact. We have nothing to report in this regard.

Responsibilities of the Board of Directors and of those charged with governance for the financial statements

The Board of Directors is responsible for the preparation and fair presentation of the financial statements in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements, and for such internal control as the Board of Directors determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company’s financial reporting process.

The Board of Directors is responsible for presenting the financial statements in compliance with the requirements set out in the Delegated Regulation 2019/815 on European Single Electronic Format (“ESEF Regulation”).

Responsibilities of the “réviseur d’entreprises agréé” for the audit of the financial statements

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a report of the “réviseur d’entreprises agréé” that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with EU Regulation N° 537/2014, the Law of 23 July 2016 and with the ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

**Building a better
working world**

As part of an audit in accordance with EU Regulation N° 537/2014, the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.
- Conclude on the appropriateness of Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our report of the "réviseur d'entreprises agréé" to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our report of the "réviseur d'entreprises agréé". However, future events or conditions may cause the Company to cease to continue as a going concern.
- Assess whether the financial statements have been prepared, in all material respects, in compliance with the requirements laid down in the ESEF Regulation.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and communicate to them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our report unless law or regulation precludes public disclosure about the matter.

Our responsibility is to assess whether the financial statements have been prepared in all material aspects with the requirements laid down in the ESEF Regulation.

Report on other legal and regulatory requirements

We have been appointed as “réviseur d’entreprises agréé” by the General Meeting of the Shareholders on 24 May 2019 and the duration of our uninterrupted engagement, including previous renewals and reappointments, is 1 year.

The corporate governance statement, included in the management report, is the responsibility of the Board of Directors. The information required by article 68ter paragraph (1) letters c) and d) of the law of 19 December 2002 on the commercial and companies register and on the accounting records and annual accounts of undertakings, as amended, is consistent with the financial statements and has been prepared in accordance with applicable legal requirements.

We confirm that the audit opinion is consistent with the additional report to the audit committee.

We confirm that the prohibited non-audit services referred to in EU Regulation No 537/2014 were not provided and that we remained independent of the Company in conducting the audit.

We have checked the compliance of the financial statements of the Company as at 31 December 2021 with relevant statutory requirements set out in the ESEF Regulation that are applicable to financial statements.

For the company it related to:
